

Health Insurance

All foreign students should come with an insurance coverage valid for Spain. Those students affiliated to Social Security, should apply for the Health Insurance Card in the Social Security Centres of their country of origin. This card will allow them to use all of the Social Security services and hospitals in Spain when needed, free of charge. In case of serious illness, students can go to the Social Security hospital in A Coruña (Complejo Hospitalario Universitario da Coruña).

For other less serious matters students can go to the Health Centre nearest them or to the “Casa do Mar” in A Coruña. Students not affiliated to Social Security have to bring private insurance coverage. In this case they will have to know which private hospital they can go to, and arrange the payment conditions with their insurance company.

Any other insurance, such as coverage against theft or luggage lost, can be helpful.
